# KL-L301 Installation Instructions

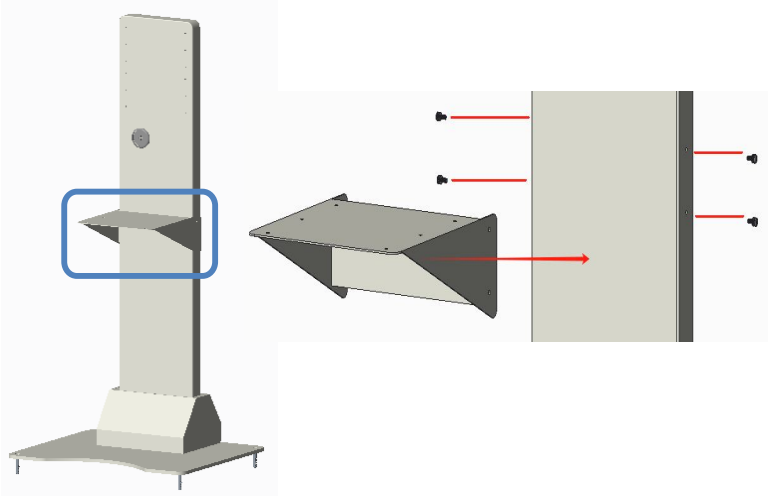

**第一步：立式台柱 安装**
1：確認落地底座正面。
2：放好**立式台柱**，再用8顆CHM8*10螺絲固定好。
**Step one:** Vertical column installation
1: Confirm the front of the floor base.
2: Place the vertical column in the front of the floor base and then fix it with 8 CHM8*10 screws.

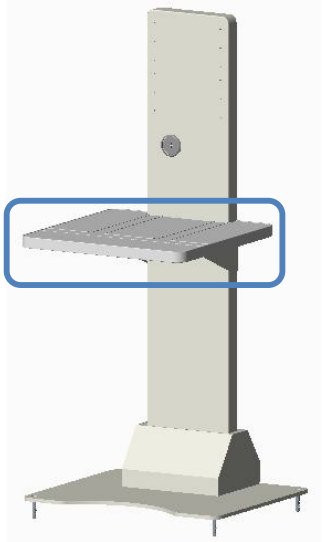

**第二步：立柱蓋子 安装**
1.取出立柱蓋子，確認方向，从立式台柱頂部套下。
2.取出護線圈,安装到立式台柱正面出線口。
**Step two:** Column cover installation
1.Take out the column cover, confirm the direction, and put it down from the top of the vertical column.
2.Take out the wire protection coil and intall it to the front outlet of the vertical column.

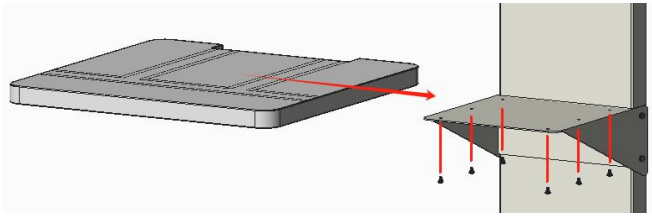

**第三步：托盤固定件 安装**
1：取出托盤固定件與立式台柱對照固定孔。
2：將4顆GB90M5*12螺絲分別固定在兩側上。
**Step three:** Tray fixing piece installation
1: Take out the tray fixing piece and compare it with the vertical column fixing hole.
2: Fix 4 GB90M512 screws on both sides respectively.

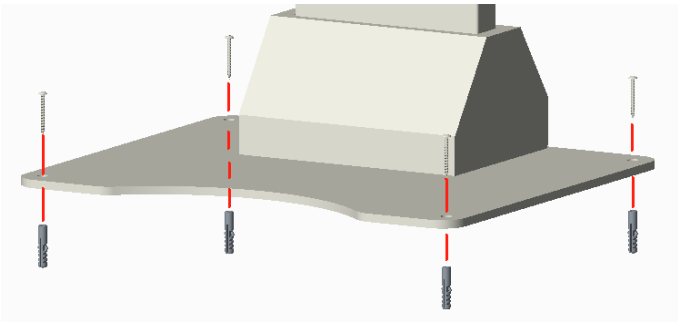

**第四步：托盤 安装**
取出托盤放置在托盤固定件上，底部用6顆GB90M4*8螺絲固定。
**Step four:** Tray installation
Take out the tray and place it on the tray fixing piece, and fix the bottom with 6 GB90M48 screws.

**第五步：立式支架 安装**
1：在地板上需要固定螺絲的地方標上記號。
2：在畫好定位孔的地板上用10mm鑽頭沖出4个孔深度為50mm的放置孔，把配件中的膨脹管打入鑽好鑽好的孔內。
3：放好立式支架，再用TA5*50螺絲固定。
**Step five:** Vertical bracket installation
1: Mark the place where screws need to be fixed on the floor.
2: Use a 10mm drill bit to punch out 4 holes with a depth of 50mm on the floor with the positioning holes, and hit the expansion tube in the accessories into the drilled holes.
3: Place the vertical bracket and fix it with TA5*50 screws.

# Self-service Terminal Installation Instructions

**第一步：整機壁掛支架 安装**

1：從附件盒中拿出壁掛支架組件。

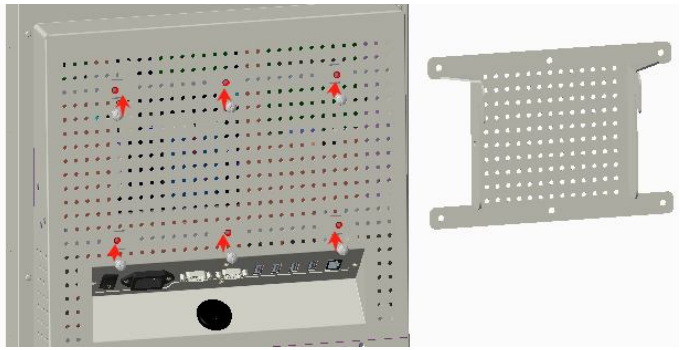

2：如圖，其一安裝在整機後殼上，用GB90M5*12螺絲固定。

**Step one: Whole machine wall hanging bracket installation**

1: Take out the wall hanging bracket component from the accessory box.

2: Install it on the back shell of the whole machine as shown in the figure, and fix it with GB90M5*12 screws.

**第二步：立式支架壁掛 安装**

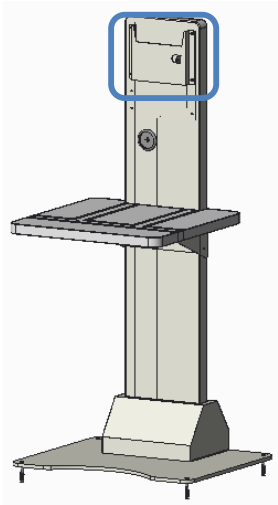

1：從附件盒中拿出壁掛支架組件。

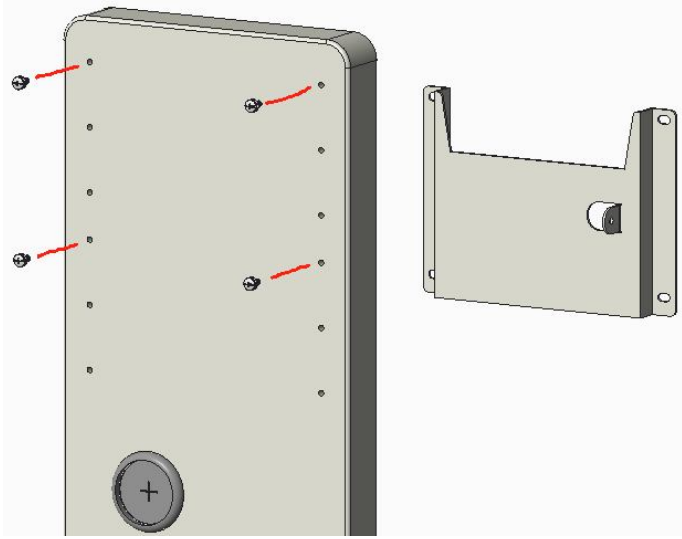

2：如圖，其二安裝在立式支架上，用GB90M5*12螺絲固定。

**Step two: Vertical bracket wall hanging installation**

1: Take out the wall hanging bracket component from the accessory box.

2: Install it on the vertical bracket as shown in the figure, and fix it with GB90M512 screws.

**第三步：組合 安装**

1：優先把電源線穿過立式支架護線圈。

2：把整機掛上立式支架，正面右側用整機附件GB90M4*12螺絲固定。

**Step three: Combination installation**

1: Preferably pass the power cord through the vertical bracket wire protection coil.

2: Hang the whole machine on the vertical bracket and fix it with the whole machine accessory GB90M412 screws on the front right side.
